Subject: BOM Agenda Item Request
Attachments: Agenda Item_Contract with Garland for City Hall Roof Project.pdf

Lori,

I realized ahead of today's BOM meeting that I did not include you on an email earlier in the week regarding a joint Common Council and BOM agenda item. I am attaching that request now and will need to be placed on the next agenda. Sorry for the confusion.

Here is an overview of the agenda item:

A request to enter into a contract with Garland/DBS Inc. for construction of the City Hall Phase I Roof Restoration Project at a cost of \$1,549,734. For some background, The city has taken a step forward in the City Hall Roof Restoration project by seeking an agreement with Garland/DBS, Inc. to carry out the Phase I work. With the Master Intergovernmental Cooperative Purchasing Agreement (MICPA) between Racine County, WI and OMNIA Partners, Public Sector (U.S. Communities) in place, Garland/DBS, Inc. has provided a contract in line with the agreed pricing. The Phase I of the restoration project will address significant structural issues that have plagued City Hall for decades. This will involve replacing approximately 9,300 square feet of missing and damaged slate and roof decking, restoring all of the decorative copper features on the roof, including gutters, valleys, hips, ridges, and cupolas, as well as tackling the structural masonry deterioration. The designs for the project were developed by CT Male associates and have already received approval from the NYS Office of Parks, Recreation, and Historic Preservation, following a review under the standards of the Secretary of the Interior. The total cost for Phase I of the project is \$1,549,734, and Garland/DBS, Inc. secured the contract after receiving bids from multiple companies under the U.S. Communities Cooperative Purchasing Agreement. Titan Roofing, Inc. emerged as the low bidder with the aforementioned price. The city has secured funding for the project through grants awarded by the New York State Office of Parks, Recreation, and Historic Preservation (OPRHP) and the Dormitory Authority of the State of New York, totaling \$1,000,000. Furthermore, the city will be using \$549,743 from the Historic Cleaner Greener Cohoes Bond to cover the remaining cost of the first phase.

Let me know if you have any questions.

- 5.) If the CUSTOMER wishes to terminate the CONTRACTOR for cause due to the failure of CONTRACTOR to perform as required under this CONTRACT and/or in a manner consistent with the degree of care and skill ordinarily exercised by members of the same profession currently practicing under similar circumstances, then the CUSTOMER must provide the CONTRACTOR with written notice of said failure to perform. The CUSTOMER must give ten (10) working days from the CONTRACTOR’s receipt of the Notice to Cure for the CONTRACTOR to cure or take reasonable action to commence to

The CUSTOMER must provide the CONTRACTOR written documentation of the modification to the Purchase Order within three (3) business days of verbal approval. Incidental additional work performed by the CONTRACTOR without CUSTOMER consent will be evaluated and considered for payment based upon the work's merit. If the CUSTOMER determines the incidental additional work was not included in the original scope of the project and required for the CONTRACTOR's uninterrupted performance in fulfillment of the contract, then the CUSTOMER will approve the CONTRACTOR's request for payment for incidental additional work.
- 7.) All the work done under this CONTRACT shall be performed under the oversight of city personnel, the CUSTOMER'S representative. All notices hereunder shall be (a) in writing; (b) delivered to the representatives of the parties at the addressees set forth in the Specifications, unless changed by either party by notice to the other party; and (c) effective upon receipt.

prosecute the work herein described with promptness and diligence, or fail in the performance of any of the agreements contained herein, the CUSTOMER shall have the right to immediately suspend all work, or any part thereof under this CONTRACT, upon the CUSTOMER's issuance of a stop work notice to the CONTRACTOR and the CONTRACTOR's confirmed receipt of the stop work notice. The work shall continue to be suspended until such time as the CUSTOMER and CONTRACTOR have come to a mutual agreement on how the work under the CONTRACT shall proceed. Should the CONTRACTOR continue to refuse or neglect to supply a sufficiency of properly skilled workers or materials of the proper quality, or fail in any respect to prosecute the work herein described with promptness and diligence, or fail in the performance of any of the agreements contained herein, then the CUSTOMER may, after following the procedures listed in Section 5 above, terminate the CONTRACT for cause.

- 10.) The CONTRACTOR shall indemnify, save harmless, and defend the CUSTOMER from and against all losses, claims, demands, payments, suits, actions, recoveries, and judgments of every nature and description, made, brought, or recovered against the CUSTOMER by reason of any negligent act or omission of the CONTRACTOR, its agents, its subcontractors, or its employees, in the execution of the work herein contracted for.

- 12.) This CONTRACT shall be deemed to contain all the terms and conditions agreed to between the parties, who both agree that no representations or promises of any kind whatsoever have been made other than herein contained, and this CONTRACT shall be binding upon both parties and their respective heirs, administrators, executors, successors, and assigns.
- 13.) This CONTRACT is contingent upon receipt of a written purchase order from CUSTOMER. All terms must be agreed upon by both parties.
- 14.) CUSTOMER shall have the right to approve all subcontracts or assignments of work equal to or exceeding \$10,000. CUSTOMER shall not unreasonably withhold, delay or condition subcontracting or assignments, but may express final and binding disapproval of a proposed assignee or subcontractor. Should the CONTRACTOR be forced to choose a different subcontractor/assignee that is of higher cost than the initial

subcontractor/assignee, due to the CUSTOMER's disapproval, the CONTRACTOR shall be able to request and will receive approval from the CUSTOMER for a modification to the CONTRACT to cover the additional cost. CONTRACTOR shall remain responsible for the work of any agent or independent contractor to whom it assigns its Work, and any assignment or subcontract shall incorporate the terms of this Contract into its contract delegating its Work.

- 15.) If the Project involves construction of a public improvement at a cost exceeding the threshold for payment prevailing wage rates of pay, each laborer, workman or mechanic employed by the CONTRACTOR for performance of the Project herein described or by the subcontractor shall be paid not less than the minimum rate of pay for the applicable pay classification. The CONTRACTOR and their subcontractors who are subject to the requirements of paying prevailing wages shall keep full and accurate payroll records covering all disbursements of wages to their employees to whom they are required to pay not less than the prevailing rate of wages. The CONTRACTOR and its subcontractors shall deliver to the CUSTOMER a certified copy of their respective payrolls, within two weeks of the CUSTOMER's request, for each pay period requested by the CUSTOMER.
- 16.) Payments to the CONTRACTOR shall be made at the rate of ninety-five percent (95%) of the approved partial payment estimate for each monthly progress billing. The CUSTOMER will retain five percent (5%) of every approved partial payment. The retained amount will be paid to the CONTRACTOR no later than thirty (30) days following Final Acceptance of the work. Upon completion and acceptance of the work, the CUSTOMER shall issue a certificate attached to the final payment request that the work has been accepted by it under the terms, promises and conditions of the CONTRACT.
- 17.) CONTRACTOR has been employed under this Contract as an independent contractor in order to construct its portion of the Project. CONTRACTOR agrees that no authority has been conferred upon it by CUSTOMER to hire any person(s) on behalf of CUSTOMER, and CUSTOMER undertakes no obligation of any sort to CONTRACTOR's employees or subcontractors. It is understood and agreed that the CONTRACTOR shall select, engage, and discharge its employees, agents, or servants and otherwise direct and control their services. CONTRACTOR will also comply with all laws concerning qualification to do business and engage in the work involved under this CONTRACT and will file all returns and reports required of it and pay all taxes and contributions imposed upon it.
- 18.) CONTRACTOR agrees not to discriminate against any employee or applicant for employment because of age, race, color, religion, sex, or national origin.
- 19.) The CUSTOMER shall not be considered to have accepted possession of the work under this CONTRACT until a notice of completion is issued to the CONTRACTOR by the CUSTOMER or CUSTOMER's representative, or payment of the full CONTRACT compensation is received by the CONTRACTOR, unless the Parties otherwise mutually agree.

- 20.) CONTRACTOR, at all times during its performance of its work under this CONTRACT, shall keep the work site, grounds, and roof tops surrounding the work site free from accumulation of waste materials or rubbish caused by its activities. Upon completion of the work under this CONTRACT, the CONTRACTOR shall promptly remove all its waste materials and rubbish from and about the work site, as well as, its tools, construction equipment, machinery, and surplus materials, as to leave the work site "Broom Clean" or its equivalent.
- 21.) The law is hereby agreed to be the law of the State where the Project is situated. The parties agree that the proper venue for action, suit, or other litigation arising under this agreement shall lie in the courts of **Albany County, NY**. These comments are those of the OPRHP and relate only to Historic/Cultural resources. They do not include potential environmental impacts to properties in or near the project. Such impacts must be considered as part of the environmental review of the project pursuant to the National Environmental Policy Act and/or the State Environmental Quality Review Act (New York Environmental Conservation Law Article 8).

We have reviewed the following materials received on February 24, 2023:

Based on our review, we offer the following minor comments to these drawings – please see annotated drawings with notes for additional clarification:

1. Page 1/Cover Sheet: Please ensure the final drawings credit the EPF grant program on the front and include the EPF-HP grant number for this project (#111236).

4. Page 2/Code Compliance, Pressure Treated Wood, Item #1: Please add a specification somewhere in this section (or another on this page) that indicates that all goods/materials (ex., wood) purchased for this project will comply with NYS Finance Purchasing Law, Section 165 (ban on tropical hardwoods).
5. Page 3/Restoration Specifications, Masonry Cleaning Section: Please add a note here that references that the standards set forth in Preservation Brief #1 shall be followed here (as referenced in the above pages of the plans).
6. Page 3, Restoration Specifications, Masonry Restoration-Brick Section: Please add a note here that references that the standards set forth in Preservation Brief #2 shall be followed here (as referenced in the above pages of the plans).

We have no substantive comments or changes to the accompanying drawings and have determined that the project will have **No Adverse Impact** on this historic resource. Once these minor changes/notes have been added to these drawings, the project sponsor should submit three hard copies of the revised "Final Bid Set" of drawings which we will review and stamp "Approved for Grant." We will retain one set and will return two sets to you, one for distribution to the project sponsor. Once we have stamped the Final Bid Set, construction may commence only with your approval that all other paperwork (contract, preservation covenant, bidding requirements, etc.) is in order.

Consultation with this office shall continue with our review of project submittals, change orders, payment requests and close-out documentation submitted through your office.

The OPRHP appreciates the opportunity to comment on this undertaking. If you have any questions regarding this review, please contact me at (518) 268-2219 or Frances.Stern@parks.ny.gov.
